OSSA TR 2015

2015 is the year of the 75th anniversary of OSSA. Founded in 1940, the clover brand has always been distinguished by its refined products, technologically advanced and a personal look.

The TR of the Anniversary combines and reinforces these values by creating a unique motorcycle. The fifth generation of the TR is a mature, polished and evolved product in every detail, but also remains the lightest and most technologically advanced trials bike.

Again, the TRi creates trend in displacements of 125cc, 250cc, 280cc and 300cc. Its dry weight of 64.5 kilos, its reliable and progressive fuel injected engine, exclusive equipment such as the Öhlins shock absorber, its compact and optimized for maximum lightness of the rear axle frame, and exclusive style, make the TRi in a unique option for riders of all ages and levels.
